## COACHES

Smoking is prohibited on our coaches, regular stops will be made so passengers can have the opportunities to smoke or alternatively get some fresh air. You will be allowed to bring food and drink on board but please be considerate of others and do not make a mess. Please put all rubbish in the bins and avoid spillages as all damage must be paid for.

Please remember it is illegal to drink alcohol on coaches in Europe.

Our coaches have DVDs (normally) or video players onboard; please feel free to bring films with you. There are also toilets onboard, but for the comfort of all passengers please think about the volume of liquid you consume and bear in mind that the toilets are not suitable for solids or sanitary products!

Please be considerate of other passengers throughout the journey, whilst we understand people will be in high spirits and excited about the trip we do ask that people to respect the wishes of the coach drivers and consider other passengers comfort.

## LUGGAGE POLICY

Passengers should bring no more than ONE soft bag or suitcase per person which will be put in the luggage hold and 1 piece of small hand luggage can be taken onboard. This item of luggage should weigh no more than 20kg, and hand luggage 5kg. If passengers bring more luggage than this stated amount, or a hard suitcase we have the right to refuse the luggage onboard.

Please ensure that you keep essential items such as passports, visas, medicine and wallets in your hand luggage as you will not be able to access your luggage in the hold until the coach has reached its final destination.

## INSURANCE

It is ESSENTIAL that every person travelling is covered by an appropriate insurance policy: please remember that skiing and snowboarding holidays require a winter sports insurance policy not just a standard holiday cover.
