## CARAVAN INVENTORY / DAMAGE DEPOSITS

Upon booking you had two options: pay that pesky £50 on arrival in cash or via your booking beforehand.

If you selected option 1: pay £50 cash on arrival. You will need to have all the cash for your caravan ready to hand over upon check-in.

You will receive a receipt and the money will be paid back within 21 working days minus any deductions for damage.

Remember it is £50 a head and there are 2 cash machines on site, but recommend you get the money before from the litany of machines dotted in and around Newquay.

The lead passenger will be issued with a **Damage Report Form and Caravan Itinerary** (for caravans only). The purpose of the forms is for you to check on arrival that all is in order. One Damage Report Form is required per caravan. Please complete it before 9PM on the day of arrival and return it to the main reception. It will then be photocopied and a copy returned to you for your records.

Each caravan has an easy to follow inventory. If there is no inventory, ensure you make a note of this on the Damage Report Form. If you find anything broken, damaged, or missing, please note it down on the Damage Report Form. If this is not done, it will be assumed that any discrepancies found at the end of your stay were caused by you, and you will be charged to put them in order. **DON'T GET CAUGHT OUT** on this point... it's important that you check everything carefully when you get in!

## **A MESSAGE FROM CORNWALL AND DEVON POLICE**

Whilst taking a break from University that you don't take a break from looking after yourself, your friends and your property and would like to offer a few simple tips and reminders.

### **Personal safety**

Each year we receive reports of drinks being spiked. These reports are rare but the precautions you take at home still apply when on holiday. When in the pubs and clubs keep hold of your drinks at all times or make sure a friend is looking after it. Never leave drinks unattended in pubs and clubs. Cover the tops of bottles with your thumb.

Tell your friends if you are going home early, especially if it means leaving someone behind alone. Arrange to meet friends in a busy place and have an exact time to meet.

### **Property**

Items such as mobile phones, digital cameras, ipods, cash, and credit cards are easily stolen if you leave them lying around unprotected. This includes in your accommodation. Give some thought to securing them if you have to leave them behind and never leave items unattended, whether on the beach during the day or out in the town in the evening.

# **OUTGOING**

## **STAYING SAFE IN NEWQUAY**

### **Don't jump the fence and stay out of that bush!**

Please be very careful in and around Newquay town and **NEVER** jump over any fences or hedges. There are numerous sheer cliff drops right next to pavements and they are a long way down. If you see any of your friends jumping or climbing on fences please stop them **IMMEDIATELY**.

Please read these handy tips from [www.drinkaware.co.uk](http://www.drinkaware.co.uk)

### **TRY AND REMEMBER THESE SAFETY TIPS WHEN OUT IN THE SUN:**

- **Alcohol dehydrates you**, and the heat of the sun makes it worse. Pace yourself with water or a soft drink after every alcoholic drink.
- **Don't let drink lead you into risky situations**, like walking along a deserted cliff path at 2am.
- **Mixing drink with sports**, from volleyball to rock climbing, can lead to injuries. So play it safe. Likewise, midnight swimming and drinking is never advisable.
- **Carry a condom**, if you plan to possibly do more than kiss.
- **When you're relaxing in a beer garden**, on the beach or at a BBQ, lather on the sun lotion. A combination of hangover and sunburn is enough to spoil anyone's holiday.

### **ON YOUR NIGHTS OUT, REMEMBER:**

- **Eat before you go out**, or during the evening
- **Drink water regularly** to stay refreshed and rehydrated.
- **Use soft drink spacers** to pace yourself - a tonic looks just the same as a vodka and tonic. A cola looks the same with or without the rum
- **Remember that too much drink will do nothing** for your looks - you're drop dead gorgeous until you drop down drunk
- **And don't succumb to the beer goggles effect** - you might think you've met your dream date - until the effect wears off
- **Don't accept drinks from strangers** and never leave your drink unattended - it's all too easy for someone to spike your drink
- **Finally, Look out for your friends** and make sure they look out for you.

### **IN CASE OF AN EMERGENCY**

**In Case of Emergency (ICE)** is a program that enables first responders, such as [paramedics](#), [fire-fighters](#), and [police officers](#), to contact the [next of kin](#) and obtain important medical information in extreme cases.

**PLEASE ADD 'ICE'** as a contact in your phone book and then place the **Next of Kin** contact number that can answer any important medical questions should urgent treatment is required.

# **OUTGOING**

## **BEACH SAFETY**

### **KNOW YOUR FLAGS**

On the beach it's important you know what each flag means:

**Red & Yellow Flags:** These show the lifeguarded area, the safest place to swim and bodyboard.

**Black & White Chequered Flags:** For surfboards, kayaks and other non-powered craft. Never swim or bodyboard here.

**Red Flag:** Danger! Never go in the water when the red flag is up, under any circumstances.

### **AVOIDING RIP TIDES:**

Rips are strong currents that can quickly take swimmers from the shallows out beyond their depth. Lifeguards will show you where you can avoid rips but if you do get caught in one:

- Stay calm - don't panic.
- If you can stand, wade don't swim.
- Keep hold of your board or inflatable to help you float.
- Raise your hand and shout for help.
- Never try to swim directly against the rip or you'll get exhausted.
- Swim parallel to the beach until free of the rip, then make for shore.

If you see anyone else in trouble, alert the lifeguards or call **999** or **112** and ask for the Coastguard.

**Missing Friends** – When near the sea always be aware of where your friends are. If somebody has gone missing and was last seen near the sea contact the lifeguards **IMMEDIATELY**.

## **DAY SCHEDULE ON THE BEACH EACH DAY**

Finally...we are on the beach!!! The Beach Day Kick-off is going to be amazing.
